MILITIA CALLED OUT

MOB DISCOURAGED IN AN ATTEMPT TO TAKE THREE NEGROES FROM JAIL.

THAT MAY MAKE ANOTHER EFFORT

WIDOW OF MURDERED MAN URGING THE PEOPLE TO HANG GUILTY PARTIES.

Lexington, Ky., Nov. 22.—At 10:45 o'clock p. m. the prospect of a mob which had formed on the outskirts of the city attacking the jail in which Ed Taylor, Garfield Smith and John Taylor are confined was so pronounced that County Judge Bullock advised that the militia be called out. Constables and deputy sheriffs to the number of fifty had already been put on guard at the jail and all the day police had been called from their beds to reinforce the night force. The authorities declined to give out the information that came to them as to the plans of the mob but they regarded the situation as grave.

Sunday night the three negroes who are in jail started out on an expedition to "kill white dogs." Entering Lugart's saloon they opened fire on a company of white men who were strangers to them. William Moore was shot dead as he was crouching behind a barrel. Others found secure covers and escaped, though bullet holes marked their place of refuge. Sunday night a mob of 30 formed and advanced on the jail after midnight, but were persuaded to disperse when informed that the police were aware of their plans.

At 11 o'clock Colonel Roger Williams of the Second regiment called Company C into service. Runners were sent for the soldiers in all parts of the city. County Judge Bullock was at the jail with the chiefs of police and detectives and sheriffs directing precautionary means. The police learned that the

Mob was Forming

In three sections, one in Grats park, another in Brucetown, and the third outside the city on the Bryant station pike. At 11 o'clock a platoon of police advanced on a crowd of 300 at Grats park. The men offered no resistance, but dispersed in all directions. Several who had guns exposed were locked up. The police dispersed groups of men whenever they collected in the downtown district.

By 11 o'clock hundreds of people were flocking to the jail. The police stretched ropes across the street bounding the jail, and reinforced this with a living chain of bluecoats. They received information that two brothers of the widow, who with ten children of Moore, is left unprotected for, were at the head of a mob riding from Bourbon county. The report that the widow had said she wanted the men lynched incited many to join the mob. The main rendezvous in the county is on the Bryant station pike. Information that it was planned to burn the square on which the prisoners lived reached the police, but they could not spare men from the jail to guard the street.

Colonel Williams could not get in communication with the governor, but called on the local company on his own responsibility.

Following a reconnaissance by squads of police at midnight, Mayor Combs and County Judge Bullock left the jail at 1 o'clock a. m. Both said that they believed

Danger of an Attack Had Passed. The dispersal of the Grats park mob is believed to have alerted the officials. These men visited the other camps and spread the news of the assembling of the militia and the strength of the guard at the jail. The brothers of Mrs. Moore arrived and it is said by those who visited the Bryant station, Pike county, that they have abandoned the attempt. State guards took possession of the approaches to the jail at 1 o'clock.

The police estimate that 1,500 men were involved in the abandoned undertaking. Hundreds have visited the Moore home. The distracted widow told many that she hoped the negroes would be hanged without ceremony. There are still straggling groups of men on the outskirts of the city but the police believe that they are unorganized and will soon go home.

The location of the jail in a square bounded by narrow streets and closely built up, together with its fortress-like construction, is calculated to cause any mob to hesitate before an attack. Fifty men could hold it indefinitely if dynamite were not used and with 150 in and around it the authorities are confident that the prisoners are safe.

ON HIS WIFE'S GRAVE.

Hibbing (Minn.) Man Suicides on Account of Grief.

Duluth, Nov. 22.—Despondent over the death of his wife, which occurred about two months ago, Charles Mikelson, aged thirty-five, a trusted employee of the Oliver Iron Mining company, a subsidiary of the United States Steel corporation, went out during the evening at Hibbing and, reclining on his wife's grave, shot himself through the head with a revolver, dying instantly. The unfortunate man had been brooding over the death of his wife and it is probable that his mind be-

came unbalanced in consequence and led to his rash act. He leaves one child, an infant.

Father Kills His Son.

Shenandoah, Ia., Nov. 22.—John Bloom, a wealthy land owner residing eight miles south of here, shot and instantly killed his eldest son, Frank, during the day. The fatal shooting grew out of a family quarrel. The father gave himself up immediately after the shooting. He claims self-defense.

YOUNG MURDER CASE.

Trial of Nan Patterson Begins in New York City.

New York, Nov. 22.—The trial of Nan Patterson for the murder of Bookmaker "Caesar" Young, today began before Justice Davis. In the supreme court during the day and when adjournment was taken Assistant District Attorney Rand had concluded his outline of the state's case and had examined several of the witnesses for the prosecution.

The stories that there would be further delay in the trial were early disposed of by the announcement from the court that Foreman Hendricks of the jury, who had been asked to be relieved, would not be excused.

Then came Mr. Rand's opening speech in which he said the state's witnesses would prove that Nan Patterson killed Young and that the killing was planned several hours before the morning on which Young met his death.

William J. Junior, the policeman who was the first to reach the cab after the shooting, testified that Miss Patterson was hysterical and crying, "Oh, Caesar, why did you do it?"

There was another interesting testimony, particularly that of Detective Quinn, who took Miss Patterson from the hospital where Young died to the police station. He said the woman said to him: "I do not want to live now. Why should he have killed himself?"

The officer said she fainted several times in the stationhouse and that several times she asked him to kill her as she had nothing to live for now that Caesar was dead.

WEDDING GUEST KILLED.

Jealousy Leads to Murder and Friends of Slayer Shield Him.

Duluth, Nov. 22.—A wedding at Eveleth, Minn., was followed by a murder at 3 o'clock a. m. when one of the guests shot another to death in the room where a few hours before the nuptial knot had been tied. The victim was Frank Parchner, a well-to-do Austrian, who had been visiting friends in Eveleth and who was soon to return to his home. The name of his slayer is unknown and it is believed that the latter's friends are shielding him.

The shooting occurred in a crowded room, during the wedding festivities, and the bride and groom, Mr. and Mrs. John Bolter, were dancing in an adjoining room at the time of the tragedy. It is said that Parchner, who had been an honored and popular guest, inspired the jealousy of several local guests, and it is supposed that one of these did the shooting while inflamed with wine. Parchner was shot twice and died almost instantly.

SLAYERS RUN TO EARTH.

Murderers of Man in Box Car Identified by Witnesses.

Minneapolis, Nov. 22.—C. D. Crawford and G. E. Farmer are locked in the Hennepin county jail on the charge of murder in the first degree and they will be held to await the action of the grand jury of Sherburne county, which will not meet until May of next year.

The men have been identified as the murderers of Heino Lundeen, who was shot and killed while asleep in a car on the Northern Pacific road near Elk River, in Sherburne county, early Sunday morning.

The identification was made by Lundeen's four companions, who, after being robbed, were forced, at the point of a revolver, to leap from the side door of the combination mail and baggage car in which they were stealing a ride.

VIOLENCE JUSTIFIED.

Judge Takes Strong Ground Against Boycotting.

San Francisco, Nov. 22.—Supreme Judge Hebbard in a decision held that boycotting deserved no protection from the law and that a sufferer could resort to personal violence to protect his rights. The opinion was in the case of Goldberg, Bowen & Co. vs. Stableman's local union No. 8769. Judge Hebbard overruled the demurrer of the defendants, denied the motion to dissolve the restraining order already temporarily issued to prevent boycotting and picketing and also denied the motion to modify the same. The union is allowed ten days in which to answer.

COLORADO ELECTION TROUBLES.

Appeal Will Be Taken to United States Supreme Court.

Denver, Nov. 22.—Democratic attorneys are preparing papers for an application to the supreme court of the United States to review the action of the supreme court of the state of Colorado in sending three Democratic election officials to jail for contempt of court. It will be alleged that these men have been deprived of their liberty without due process of law, having been sent to prison for a criminal offense without having had a trial.

It is said that United States Senator Henry M. Teller has asked the president to send the application to the United States supreme court at Washington.

SPANISH BARK LOST

VESSEL FOUNDERED IN THE ATLANTIC DURING RECENT SEVERE STORM.

CREW OF FIFTEEN PERISH

BRITISH STEAMER UNABLE TO OFFER ASSISTANCE OWING TO HEAVY SEA.

Philadelphia, Nov. 22.—The British steamer Aros Castle, Captain Day, fifty-seven days out from Java with a cargo of sugar, arrived at this port during the day and reports the probable foundering on Nov. 15 of the Spanish bark Tagalla with her crew of fifteen men during the recent storm. The steamer stood by the sinking bark for two days and on the second night the Spanish vessel disappeared. The condition of the Tagalla when the crew of the Aros Castle last saw the vessel was such as to lead them to believe that the bark went down during the night.

BOTH ARMIES REMAIN QUIET.

Little Activity Reported Along the Entire Front.

Mukden, Nov. 20, via Tientsin, Nov. 22.—Since the Japanese attack on Poutioff hill, on the night of Nov. 18, no activity has been apparent. The character of the attack on Poutioff hill is not fully understood, beyond the fact that three or four battalions participated. It probably was made on the initiative of the local commander without the consent of headquarters and as an attack it can only be favorably regarded in the light of a reconnaissance in force. This incident is the most important that has happened since the battle of Shakhe.

Poutioff hill, which is now the center of interest of the entire line, could be seen flashing the signal of attack from her fortifications, as the Japanese infantry advanced. On account of repeated reports that the Japanese intended to attack Nov. 19 this assault was believed to be the signal for an advance of the entire Russian army on the qui vive inaugurated its own hostile movements, both east and west of Poutioff hill.

The Japanese arrived within fifty yards of the Russian trenches. The Russian fire was too deadly for a further advance. The next morning disclosed about eighty Japanese dead, which the Russians buried. The Japanese succeeded in carrying off in haste 200 wounded men in the trenches.

Scouting operations on both sides result in daily encounters sometimes between battalions, but the encounters are little more than skirmishes. The scouting is for the evident purpose of identifying opponents' positions and local strength.

The Russians continue to daily shell the Japanese position at Linshenpu.

MORE VIOLENT CHARACTER.

Reconnaissance Fights Becoming Far More General.

Berlin, Nov. 22.—A dispatch to the Lokal Anzeiger from Mukden says: "The reconnaissance fights have assumed a more violent character during the past few days. Particularly hot was the fighting on Poutioff (Lone Tree hill), where the Japanese were repulsed with the loss of over 100 killed. All signs indicate that great events are imminent. The road to Simintin, owing to the excellent patrol service, is quite safe from Chinese bandits, thus guaranteeing unhindered communication with Tientsin and establishing a second line of intercourse with the outside world.

"The health of the troops is excellent. The Russians admire the clean lines, perfect order and equipment of the Japanese. One does not see any trace of race hatred."

DOGGER BANK BLUNDER.

Rojevstevsky's Flagship Fired on One of His Cruisers.

London, Nov. 22.—The Daily Mail's Copenhagen correspondent recounts a story from the crew of the Russian cruiser Aurora to the effect that Admiral Rojevstevsky's flagship Kniaz Slavharoff, mistakenly in the fog off Dogger bank bombarded the Aurora, whereupon the Aurora, signalling "We are being fired at," herself fired 350 shells at the British trawlers and the Russian fleet. This informant distinctly avers that there were two Russian torpedo boats with the first division of the Baltic squadron, to which the Aurora belonged.

BITTER CRITICISM.

Russian Comment on Dispatch of an American Consul.

St. Petersburg, Nov. 22.—A special dispatch from Tientsin printed here stating that the American consul at Cnefoo has warned the state department at Washington of the imminence of the fall of Port Arthur is received with considerable criticism, the allegation being made that the dispatch was prompted by a desire to help the Japanese war loan.

Strike Movement Resumed.

Buenos Ayres, Argentina, Nov. 22.—The strike movement here has been resumed. The cab and principal telephone services are suspended and the street car services are partly suspended. The railway men have held a meeting but the companies say they have no apprehensions that their employees will strike.

CHICAGO SUBWAY COMPANY.

New Concern Organized to Tunnel the Windy City.

Chicago, Nov. 22.—The Chicago Subway company, with a capital stock of \$50,000,000 and composed of men who represent 90 per cent of the roads having Chicago terminals, was organized during the day and took over the \$30,000,000 company which has built fifteen miles of freight tunnels under the city streets.

The vast tonnage of the railroads represented by the financiers in the new corporation will be diverted into the company's tunnels which are already under every street in the business district of Chicago. Apparently in connection with the mammoth deal, Sir Ernest Cassel, the financial adviser of the king of England, was in Chicago during the day with Jacob Schiff, head of the international banking house of Kuhn, Loeb & Co., who is heavily interested.

The subway was organized to give relief to Chicago from the present congested condition of terminal roads in the downtown district. At present the Illinois Tunnel company has completed about fifteen miles of tunnels in downtown Chicago.

The new owners will extend and improve the system and as fast as possible the remainder of the Harriman-Schiff-Stillman and other trunk railroads will be transported through the underground system.

MOODY DECIDES TO REMAIN.

Attorney General to Be in Roosevelt's Cabinet.

Washington, Nov. 22.—It was announced at the White House during the day that Attorney General Moody has decided to remain in President Roosevelt's new cabinet.

The decision of Attorney General Moody renders it reasonably certain that the heads of six of the great executive departments of the government have been determined on by the president for the next administration. Mr. Hay will continue at the head of the state department; Mr. Taft at the head of the war department; Mr. Metcalf at the head of the department of commerce and labor; Mr. Wilson at the head of the agricultural department, and National Chairman George B. Cortelyou will be postmaster general after the 4th of next March. It is expected also that Mr. Shaw will continue as secretary of the treasury and Mr. Morton as secretary of the navy, but as to those two no definite information is obtainable. A change is expected in the department of the interior, but Secretary Hitchcock has not let it be known publicly whether he desires to retire or not.

Confesses to Ancient Murder.

Bakersfield, Cal., Nov. 22.—William C. Crutchfield, a middle aged man, walked into the county jail during the day and gave himself up to the police authorities, saying that he was implicated in a murder committed in Winston, N. C., sixteen years ago, and that he and three other boys were the guilty persons.

Lo-Co-Moter Ataxia. Now in Good Health.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir:—After a sickness of more than five years, I was tempted to try your Kidney and Backache Cure. In the mean time I had tried or been under about 20 doctors care at the beginning of my trouble. It was thought to be only a local one, but as time wore on I became worse, so that at last I could not stand on my feet. Then my arms and hands became useless.

But at last after a very long time the use of both came back to me so that I could walk a little with the aid of crutches. The Doctors helped me to this point and no further, and for 2½ years I kept in the same condition.

Through the use of your Kidney and Backache Cure I am now in good health.

Will say, the doctors told me—all of them—that there was no cure for me, because I was then suffering from Lo-Co-Moter Ataxia.

I Remain yours Respectfully,

New Concern Organized to Tunnel the Windy City.

Chicago, Nov. 22.—The Chicago Subway company, with a capital stock of \$50,000,000 and composed of men who represent 90 per cent of the roads having Chicago terminals, was organized during the day and has over the \$30,000,000 company have which has built fifteen miles of freight tunnels under the city streets.

The vast tonnage of the railroads represented by the financiers in the new corporation will be diverted into the company's tunnels which are already under every street in the business district of Chicago. Apparently in connection with the mammoth deal, Sir Ernest Cassel, the financial adviser of the king of England, was in Chicago during the day with Jacob Schiff, head of the international banking house of Kuhn, Loeb & Co., who is heavily interested.

The subway was organized to give relief to Chicago from the present congested condition of terminal roads in the downtown district. At present the Illinois Tunnel company has completed about fifteen miles of tunnels in downtown Chicago.

The new owners will extend and improve the system and as fast as possible the remainder of the Harriman-Schiff-Stillman and other trunk railroads will be transported through the underground system.

MOODY DECIDES TO REMAIN.

Attorney General to Be in Roosevelt's Cabinet.

Washington, Nov. 22.—It was announced at the White House during the day that Attorney General Moody has decided to remain in President Roosevelt's new cabinet.

The decision of Attorney General Moody renders it reasonably certain that the heads of six of the great executive departments of the government have been determined on by the president for the next administration. Mr. Hay will continue at the head of the state department; Mr. Taft at the head of the war department; Mr. McCall at the head of the department of commerce and labor; Mr. Wilson at the head of the agricultural department, and National Chairman George B. Cortelyou will be postmaster general after the 4th of next March. It is expected also that Mr. Shaw will continue as secretary of the treasury and Mr. Morton as secretary of the navy, but as to those two no definite information is obtainable. A change is expected in the department of the interior, but Secretary Hitchcock has not let it be known publicly whether he desires to retire or not.

Confesses to Ancient Murder.

Bakersfield, Cal., Nov. 22.—William C. Crutchfield, a middle aged man, walked into the county jail during the day and gave himself up to the police authorities, saying that he was implicated in a murder committed in Winston, N. C., sixteen years ago, and that he and three other boys were the guilty persons.

Lo-Co-Moter Ataxia. Now in Good Health.

Dr. M. M. Fenner, Fredonia, N. Y.

Dear Sir:—After a sickness of more than five years, I was tempted to try your Kidney and Backache Cure. In the mean time I had tried or been under about 20 doctors care at the beginning of my trouble. It was thought to be only a local one, but as time wore on I became worse, so that at last I could not stand on my feet. Then my arms and hands became useless.

But at last after a very long time the use of both came back to me so that I could walk a little with the aid of crutches. The Doctors helped me to this point and no further, and for 2 1/2 years I kept in the same condition.

Through the use of your Kidney and Backache Cure I am now in good health. Will say, the doctors told me—all of them—that there was no cure for me, because I was then suffering from Lo-Co-Moter Ataxia.

I Remain yours Respectfully,

MILITIA CALLED OUT

MOB DISCOURAGED IN AN ATTEMPT TO TAKE THREE NEGROES FROM JAIL.

DAY MAKE ANOTHER EFFORT

WIDOW OF MURDERED MAN URGING THE PEOPLE TO HANG GUILTY PARTIES.

Lexington, Ky., Nov. 22.—At 10:45 o'clock p. m. the prospect of a mob which had formed on the outskirts of the city attacking the jail in which Ed Taylor, Garfield Smith and John Taylor are confined was so pronounced that County Judge Bullock advised that the militia be called out. Constables and deputy sheriffs to the number of fifty had already been put on guard at the jail and all the day police had been called from their beds to reinforce the night force. The authorities declined to give out the information that came to them as to the plans of the mob but they regarded the situation as grave.

Sunday night the three negroes who are in jail started out on an expedition to "kill white dogs." Entering Lugart's saloon they opened fire on a company of white men who were strangers to them. William Moore was shot dead as he was crouching behind a barrel. Others found secure covers and escaped, though bullet holes marked their place of refuge. Sunday night a mob of 30 formed and advanced on the jail at midnight, but were persuaded to disperse when informed that the police were aware of their plans.

At 11 o'clock Colonel Roger Williams of the Second regiment called Company C into service. Runners were sent for the soldiers in all parts of the city. County Judge Bullock was at the jail with the chiefs of police and detectives and sheriffs directing precautionary means. The police learned that the

Mob was Forming in three sections, one in Grats park, another in Brucetown, and the third outside the city on the Bryant station pike. At 11 o'clock a platoon of police advanced on a crowd of 300 at Grats park. The men offered no resistance, but dispersed in all directions. Several who had guns exposed were locked up. The police dispersed groups of men whenever they collected in the downtown district.

By 11 o'clock hundreds of people were flocking to the jail. The police stretched ropes across the street bounding the jail, and reinforced this with a living chain of bluecoats.

They received information that two brothers of the widow, who with ten children of Moore, is left unprotected for, were at the head of a mob riding from Bourbon county. The report that the widow had said she wanted the men lynched incited many to join the mob. The main rendezvous in the county is on the Bryant station pike. Information that it was planned to burn the square on which the prisoners lived reached the police, but they could not secure men from the jail to guard the street.

Colonel Williams could not get in communication with the governor, but called on the local company on his own responsibility.

Following a reconnaissance by squads of police at midnight, Mayor Combs and County Judge Bullock left the jail at 1 o'clock a. m. Both said that they believed

Danger of an Attack Had Passed. The dispersal of the Grats park mob is believed to have aided the officials. These men visited the other camps and spread the news of the assembling of the militia and the strength of the guard at the jail. The brothers of Mrs. Moore arrived and it is said by those who visited the Bryant station, Pike county, that they have abandoned the attempt. State guards took possession of the approaches to the jail at 1 o'clock.

The police estimate that 1,500 men were involved in the abandoned undertaking. Hundreds have visited the Moore home. The distracted widow told many that she hoped the negroes would be hanged without ceremony. There are still straggling groups of men on the outskirts of the city but the police believe that they are unorganized and will soon go home.

The location of the jail in a square bounded by narrow streets and closely built up, together with its fortress-like construction, is calculated to cause any mob to hesitate before an attack. Fifty men could hold it indefinitely if dynamite were not used and with 150 in and around it the authorities are confident that the prisoners are safe.

ON HIS WIFE'S GRAVE.

Hibbing (Minn.) Man Suicides on Account of Grief.

Duluth, Nov. 22.—Despondent over the death of his wife, which occurred about two months ago, Charles Mikelson, aged thirty-five, a trusted employee of the Oliver Iron Mining company, a subsidiary of the United States Steel corporation, went out during the evening at Hibbing and, reclining on his wife's grave, shot himself through the head with a revolver, dying instantly. The unfortunate man had been brooding over the death of his wife and it is probable that his mind be-

came unbalanced in consequence and led to his rash act. He leaves one child, an infant.

Father Kills His Son.

Shenandoah, Ia., Nov. 22.—John Bloom, a wealthy land owner residing eight miles south of here, shot and instantly killed his eldest son, Frank, during the day. The fatal shooting grew out of a family quarrel. The father gave himself up immediately after the shooting. He claims self-defense.

YOUNG MURDER CASE.

Trial of Nan Patterson Begins in New York City.

New York, Nov. 22.—The trial of Nan Patterson for the murder of Bookmaker "Caesar" Young, today began before Justice Davis in the supreme court during the day and which adjournment was taken Assistant District Attorney Rand had concluded his outline of the state's case and had examined several of the witnesses for the prosecution.

The stories that there would be further delay in the trial were early disposed of by the announcement from the court that Foreman Hendricks of the jury, who had been asked to be relieved, would not be excused.

Then came Mr. Rand's opening speech in which he said the state's witnesses would prove that Nan Patterson killed Young and that the killing was planned several hours before the morning on which Young met his death.

William J. Junior, the policeman who was the first to reach the cab after the shooting, testified that Miss Patterson was hysterical and crying, "Oh, Caesar, why did you do it?"

There was another interesting testimony, particularly that of Detective Quinn, who took Miss Patterson from the hospital where Young died to the police station. He said the woman said to him: "I do not want to live now. Why should he have killed himself?"

The officer said she fainted several times in the stationhouse and that several times she asked him to kill her as she had nothing to live for now that Caesar was dead.

WEDDING GUEST KILLED.

Jealousy Leads to Murder and Friends of Slayer Shield Him.

Duluth, Minn., Nov. 22.—A wedding at Eveleth, Minn., was followed by a murder at 3 o'clock a. m. when one of the guests shot another to death in the room where a few hours before the nuptial knot had been tied. The victim was Frank Parchner, a well-to-do Austrian, who had been visiting friends in Eveleth and who was soon to return to his home. The name of his slayer is unknown and it is believed that the latter's friends are shielding him.

The shooting occurred in a crowded room, during the wedding festivities, and the bride and groom, Mr. and Mrs. John Bolter, were dancing in an adjoining room at the time of the tragedy. It is said that Parchner, who had been an honored and popular guest, inspired the jealousy of several local guests, and it is supposed that one of these did the shooting while inflamed with wine. Parchner was shot twice and died almost instantly.

SLAYERS RUN TO EARTH.

Murderers of Man in Box Car Identified by Witnesses.

Minneapolis, Nov. 22.—C. D. Crawford and G. E. Farmer are locked in the Hennepin county jail on the charge of murder in the first degree and they will be held to await the action of the grand jury of Sherburne county, which will not meet until May of next year.

The men have been identified as the murderers of Helmo Lundeen, who was shot and killed while asleep in a car on the Northern Pacific road near Elk River, in Sherburne county, early Sunday morning.

The identification was made by Lundeen's four companions, who, after being robbed, were forced, at the point of a revolver, to leap from the side door of the combination mail and baggage car in which they were stealing a ride.

VIOLENCE JUSTIFIED.

Judge Takes Strong Ground Against Boycotting.

San Francisco, Nov. 22.—Supreme Judge Hebbard in a decision held that boycotting deserved no protection from the law and that a sufferer could resort to personal violence to protect his rights. The opinion was in the case of Goldberg, Bowen & Co. vs. Stableman's local union No. 8769. Judge Hebbard overruled the demurrer of the defendants, denied the motion to dissolve the restraining order already temporarily issued to prevent boycotting and picketing and also denied the motion to modify the same. The union is allowed ten days in which to answer.

COLORADO ELECTION TROUBLES.

Appeal Will Be Taken to United States Supreme Court.

Denver, Nov. 22.—Democratic attorneys are preparing papers for an application to the supreme court of the United States to review the action of the supreme court of the state of Colorado in sending three Democratic election officials to jail for contempt of court. It will be alleged that these men have been deprived of their liberty without due process of law, having been sent to prison for a criminal offense without having had a trial.

It is said that United States Senator Henry M. Teller has asked the president to send the application to the United States supreme court at Washington.

SPANISH BARK LOST

VESSEL FOUNDERED IN THE ATLANTIC DURING RECENT SEVERE STORM.

CREW OF FIFTEEN PERISH

BRITISH STEAMER UNABLE TO OFFER ASSISTANCE OWING TO HEAVY SEA.

Philadelphia, Nov. 22.—The British steamer Aros Castle, Captain Day, fifty-seven days out from Java with a cargo of sugar, arrived at this port during the day and reports the probable foundering on Nov. 15 of the Spanish bark Tagalla with her crew of fifteen men during the recent storm. The steamer stood by the sinking bark for two days and on the second night the Spanish vessel disappeared. The condition of the Tagalla when the crew of the Aros Castle last saw the vessel was such as to lead them to believe that the bark went down during the night.

BOTH ARMIES REMAIN QUIET.

Little Activity Reported Along the Entire Front.

Mukden, Nov. 20, via Tientsin, Nov. 22.—Since the Japanese attack on Poutioff hill, on the night of Nov. 18, no activity has been apparent. The character of the attack on Poutioff hill is not fully understood, beyond the fact that three or four battalions participated. It probably was made on the initiative of the local commander without the consent of headquarters and as an attack it can only be favorably regarded in the light of a reconnaissance in force. This incident is the most important that has happened since the battle of Shakhe.

Poutioff hill, which is now the center of interest of the entire line, could be seen flashing the signal of attack from her fortifications, as the Japanese infantry advanced. On account of repeated reports that the Japanese intended to attack Nov. 19 this assault was believed to be the signal for an advance of the entire line, and consequently the entire Russian army on the qui vive inaugurated its own hostile movements, both east and west of Poutioff hill.

The Japanese arrived within fifty yards of the Russian trenches. The Russian fire was too deadly for a further advance. The next morning disclosed about eighty Japanese dead, which the Russians buried. The Japanese succeeded in carrying off in haste 200 wounded. The Russians lost half a dozen men in the trenches. Scouting operations on both sides result in daily encounters sometimes between battalions, but the encounters are little more than skirmishes. The scouting is for the evident purpose of identifying opponents' positions and local strength.

The Russians continue to daily shell the Japanese position at Linshempu.

MORE VIOLENT CHARACTER.

Reconnaissance Fights Becoming Far More General.

Berlin, Nov. 22.—A dispatch to the Lokal Anzeiger from Mukden says: "The reconnaissance fights have assumed a more violent character during the past few days. Particularly hot was the fighting on Poutioff (Lone Tree) hill, where the Japanese were repulsed with the loss of over 100 killed. All signs indicate that great events are imminent. The road to Simintin, owing to the excellent patrol service, is quite safe from Chinese bandits. Thus guaranteeing unhindered communication with Tientsin and establishing a second line of intercourse with the outside world.

"The health of the troops is excellent. The Russians admire the clean lines, perfect order and equipment of the Japanese. One does not see any trace of race hatred."

DOGGER BANK BLUNDER.

Rojestvensky's Flagship Fired on One of His Cruisers.

London, Nov. 22.—The Daily Mail's Copenhagen correspondent recounts a story from the crew of the Russian cruiser Aurora to the effect that Admiral Rojestvensky's flagship Kniaz Slavyaroff, mistakenly in the fog of Dogger bank bombarded the Aurora, whereupon the Aurora, signalling "We are being fired at," herself fired 350 shells at the British trawlers and the Russian fleet. This informant distinctly avers that there were two Russian torpedo boats with the first division of the Baltic squadron, to which the Aurora belonged.

BITTER CRITICISM.

Russian Comment on Dispatch of an American Consul.

St. Petersburg, Nov. 22.—A special dispatch from Tientsin printed here stating that the American consul at Chefoo has warned the state department at Washington of the imminence of the fall of Port Arthur is received with considerable criticism, the allegation being made that the dispatch was prompted by a desire to help the Japanese war loan.

Water Works Discussed.

It was a very interesting meeting that was held last night at the Y. M. C. A. rooms by the Young Men's Club. The question of debate was "Resolved that the City of Brainerd should own its own water works." Affirmative, H. Butts and Alfred Swanson. Negative, Ray Butts and Dean Wilson. The judges were G. H. Thomas, C. B. Stickney and W. W. Brown and they were unanimous in their decision, being in favor of the negative. An extemporaneous speech was given G. H. Thomas the subject given by the chairman, being, "The Influence of the lady school teachers." Mr. Thomas is a fluent speaker and it would have done the teachers good to have heard the speech. The recitation by W. W. Brown was very good and was given in a pleasing manner. The critic, Mr. Jay Patek, proved himself to be an expert in that line, and his criticisms were excellent. A good program has been prepared for next Monday night.

Water Works Discussed.

It was a very interesting meeting that was held last night at the Y. M. C. A. rooms by the Young Men's Club. The question of debate was "Resolved that the City of Brainerd should own its own water works." Affirmative, H. Butts and Alfred Swanson. Negative, Ray Butts and Dean Wilson. The judges were G. H. Thomas, C. B. Stickney and W. W. Brown and they were unanimous in their decision, being in favor of the negative. An extemporaneous speech was given G. H. Thomas the subject given by the chairman, being, "The Influence of the lady school teachers." Mr. Thomas is a fluent speaker and it would have done the teachers good to have heard the speech. The recitation by W. W. Brown was very good and was given in a pleasing manner. The critic, Mr. Jay Patek, proved himself to be an expert in that line, and his criticisms were excellent. A good program has been prepared for next Monday night.

STOVE

SALE

This will be the **First Genuine Great Stove Sale** ever held in Brainerd; the particular difference between this sale and the many other sales going on at the present time, is that we do not oblige you to pay spot cash to get the benefit of it.

We have **fifty-one** different kinds of **Heaters** and **six** varieties of **Ranges** and we have to keep about **five hundred** stoves on hand to back up these samples, and our store is so

crowded with goods that we haven't room even to show such a large variety of samples.

What we want to do this fall is to **close out this entire stock** so as to start in next season with a smaller variety and consequently smaller stock. We would rather sell all of these stoves on the **installment plan** than to sell only part of them for cash and carry the balance over another year, and we would rather you would have the use and comfort of a

good Heater or Range and pay for it at your convenience than to keep them in our warehouse where they are doing no one any good.

It is rather an **unusual proceeding** to offer goods on the **installment plan** at a **closing out sale**, therefore we have explained our reasons as above, to convince you that we mean business.

Come in and see what **Bargains** we have to offer is all we ask.

TRIBUTE PAID TO PRESIDENT CRUST

By Members of the City Council
on His Retirement as Moderator of that Body

LAST MEETING OF OLD COUNCIL

Held Last Night in Chambers and
Considerable Business of Importance Transacted

The last meeting of the old city council was held in chambers last night and while there were many old members who took their seats for the last time, for some years at least, there were no solemn requiems sung. Some of the old standbys who retire from active work in municipal affairs will, however, be greatly missed, principal among whom is the worthy president, Edward Crust, who has always commanded the admiration of his constituents by his manly and straightforward manner in directing the affairs of the body. The other retiring members who have also served the city well in the capacity of aldermen and who were present last evening were Messrs. Purdy, Robertson, Larson and McGinn. The same can be said of Alderman Rowley, who was not present last night.

The following aldermen responded to the roll call: Halladay, Gardner, Purdy, Murphy, Johnson, McGinn and Robertson.

The financial report of City Clerk Low for the month of October showed receipts amounting to \$4,739.07 and disbursements, \$11,574.41. The report was on motion filed as read.

The first estimate of City Engineer Woolman on the work in lateral sewer "A," being put in by the Slipp-Gruenhagen company, amounting to \$300.56, was on motion accepted and filed.

The final estimate of the city engineer of work done on lateral sewer "B," amounting to \$629.20, by the Slipp-Gruenhagen company, was on motion allowed.

Bills amounting to \$539.50 for judges, clerks, etc., for the recent election were allowed.

Chairman Gardner of the street committee called attention to the fact that the street in front of Graham Bros. new livery stable on Front street should be graded and the matter of securing dirt to grade the street up was discussed. On motion the matter was left in the hands of the city engineer to report as to the cost at the next regular meeting.

On motion the regular order of business was suspended and the matter of special assessments on account of the cost of lateral sewers in sewer district No. 1 was taken up. City Engineer Woolman had prepared the assessment rolls against the property affected by lateral sewers "A," "B," "C," "D," "E" and "F." According to this special assessment these lateral sewers will cost in the aggregate \$8,230.13. The cost of lateral sewer "A" per 25 foot lot will be about \$15.35, lateral "B" about \$14.35, lateral "C" \$14.10, lateral "D" \$20.30, lateral "E" \$20.30 and lateral "F" \$15.25.

A resolution was adopted to the effect that the proposed special assessment for the cost of these sewers be affirmed and adopted and that the city clerk be directed to file the same in his office.

A motion was then made authorizing the issuance of sewer warrants to the amount of \$8230.13.

On motion of Alderman Murphy the city clerk was authorized to draw an order for \$100 in payment for the parcel of land in Southeast Brainerd which has been selected for the location of the hose house.

The list of owners of property in the city in front of whose lots the city put in cement walks from January 1, 1904, together with the cost of constructing the walks, was read last night, which was the levy for the cost of construction. The matter was referred to the city engineer to investigate and report at a future meeting.

The liquor license bond of A. A. Armstrong was brought up and the same was approved and license was granted.

The petition of the Brainerd Flour & Feed company to erect a building near their present warehouse on Front street, in accordance to the fire limit ordinance, was granted.

The request of the Bachelor Maids that the city wire Gardner hall for their decorations on the night of the Charity Ball was granted.

The matter of electing a weighmaster came up and D. D. Smith was the unanimous choice of the council for the position. Mr. Smith has offered to pay \$50 per year for the use of the city scale which has been located in front of his place of business on Sixth street.

Alderman C. D. Johnson in one of his pleasing and emphatic addresses brief and to the point, spoke regarding the relations, pleasant ones, which have existed during the past two years and said:

"As this council is about to dissolve itself, some of the members to return to private life, (where they will be obliged to work for a living) I desire for one to express my regret that our association

as a body is to be no more. During the past two years, while we have received our emoluments at the public crib, our actions have been congenial and I trust that we sever our official relations with kind feelings toward each other. In the turmoil of political strife circumstances very often make it necessary for one citizen to oppose a friend for public office. But it ought not, and does not, with me, lessen that friendship. And whether success or loss be the lot of our friends, let us not be over exultant in victory nor too crestfallen in defeat."

In conclusion he proposed the following resolution:

"Resolved by the city council of Brainerd that in the retirement of President Crust from official duties, this council loses a valuable member and the city a faithful servant."

"Resolved that in recognition of the impartial manner in which he has presided over the deliberations of the body, we express to him our warmest thanks and we commend his actions as an alderman, as a citizen and as a man."

The resolution was unanimously adopted.

President Crust was noticeably moved by this action on the part of the council. In response he said that he too could express the same sentiments regarding his attitude towards the members of the city council, and that while there had been some differences of opinion on matters of public interest, he had nothing but a kindly feeling towards all. He said that he had tried to do what was right, although at times there were those who thought that he was wrong. He cited the stand that he took during the recent trouble in the fire department, but said that he did what he thought was just and proper in this instance and so far as he was concerned personally his conscience was clear. He then paid a handsome compliment to City Clerk Low for his efficient aid and also to City Attorney Fleming. President Crust did not close his remarks without handing a bouquet to the press of the city, stating that the council should be grateful to the newspapers for the manner in which the proceedings of the meetings had been handled and adding that there were scores of times when it was within their power to make the council appear at a disadvantage had not discretion been used.

The meeting, therefore, closed with a regular love feast and some of the old faithful closed their career as fathers of the city.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon there after was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at H. P. TRIBUTE PAID TO PRESIDENT CRUST

By Members of the City Council
on His Retirement as Moderator of that Body

LAST MEETING OF OLD COUNCIL

Held Last Night in Chambers and
Considerable Business of Importance Transacted

The last meeting of the old city council was held in chambers last night and while there were many old members who took their seats for the last time, for some years at least, there were no solemn requiems sung. Some of the old standbys who retire from active work in municipal affairs will, however, be greatly missed, principal among whom is the worthy president, Edward Crust, who has always commanded the admiration of his constituents by his manly and straightforward manner in directing the affairs of the body. The other retiring members who have also served the city well in the capacity of aldermen and who were present last evening were Messrs. Purdy, Robertson, Larson and McGinn. The same can be said of Alderman Rowley, who was not present last night.

The following aldermen responded to the roll call: Halladay, Gardner, Purdy, Murphy, Johnson, McGinn and Robertson.

The financial report of City Clerk Low for the month of October showed receipts amounting to \$4,739.07 and disbursements, \$11,574.41. The report was on motion filed as read.

The first estimate of City Engineer Woolman on the work in lateral sewer "A," being put in by the Slipp-Gruenhagen company, amounting to \$300.55, was on motion accepted and filed.

The final estimate of the city engineer of work done on lateral sewer "B," amounting to \$629.20, by the Slipp-Gruenhagen company, was on motion allowed.

Bills amounting to \$539.50 for judges, clerks, etc., for the recent election were allowed.

Chairman Gardner of the street committee called attention to the fact that the street in front of Graham Bros.' new livery stable on Front street should be graded and the matter of securing dirt to grade the street up was discussed. On motion the matter was left in the hands of the city engineer to report as to the cost at the next regular meeting.

On motion the regular order of business was suspended and the matter of special assessments on account of the cost of lateral sewers in sewer district No. 1 was taken up. City Engineer Woolman had prepared the assessment rolls against the property affected by lateral sewers "A," "B," "C," "D," "E" and "F." According to this special assessment these lateral sewers will cost in the aggregate \$8,230.13. The cost of lateral sewer "A" per 25 foot lot will be about \$15.35, lateral "B" about \$14.35, lateral "C" \$14.10, lateral "D" \$20.30, lateral "E" \$20.30 and lateral "F" \$15.25.

A resolution was adopted to the effect that the proposed special assessment for the cost of these sewers be affirmed and adopted and that the city clerk be directed to file the same in his office.

A motion was then made authorizing the issuance of sewer warrants to the amount of \$8230.13.

On motion of Alderman Murphy the city clerk was authorized to draw an order for \$100 in payment for the parcel of land in Southeast Brainerd which has been selecting for the location of the hose house.

The list of owners of property in the city in front of whose lots the city put in cement walks from January 1, 1904, together with the cost of constructing the walks, was read last night, which was the levy for the cost of construction. The matter was referred to the city engineer to investigate and report at a future meeting.

The liquor license bond of A. A. Armstrong was brought up and the same was approved and license was granted.

The petition of the Brainerd Flour & Feed company to erect a building near their present warehouse on Front street, in accordance to the fire limit ordinance, was granted.

The request of the Bachelor Maids that the city wire Gardner hall for their decorations on the night of the Charity Ball was granted.

The matter of electing a weighmaster came up and D. D. Smith was the unanimous choice of the council for the position. Mr. Smith has offered to pay \$50 per year for the use of the city scale which has been located in front of his place of business on Sixth street.

A large number of tickets have been sold for the concert to be given at the First Congregational church this evening by Mrs. Maud Ulmer Jones. The Winnipeg Telegram, speaking recently of Mrs. Jones, says:

SEAT SALE OPENS TOMORROW.

The seat sale for the "Joshua Simkins" performance opens tomorrow morning at 10 o'clock at H. P. Dunn & Co.'s drug store.

The "Joshua Simkins" company, with a band of music and a fine orchestra, will produce this comedy drama at the Brainerd opera house Thanksgiving, matinee and night. The piece deals with country life and people, three acts of the play being laid in one of the many quaint villages of Vermont. The second act (in three scenes) portrays Uncle Josh's first visit to Washington. In the third act a saw mill effect is shown, being a saw mill in full operation, cutting up timber. The saw is a buzz or circular saw and cuts through timber at lightning speed.

MR. WALKER WHITESIDE.

The reserved seat sale for the performance of Mr. Walker Whiteside in "David Garrick's Love" to be seen at the Brainerd opera house on Friday evening, will open at 10 o'clock Thursday morning at H. TRIBUTE PAID TO PRESIDENT CRUST

By Members of the City Council
on His Retirement as Moderator of that Body

LAST MEETING OF OLD COUNCIL

Held Last Night in Chambers and
Considerable Business of Importance Transacted

The last meeting of the old city council was held in chambers last night and while there were many old members who took their seats for the last time, for some years at least, there were no solemn requiems sung. Some of the old standbys who retire from active work in municipal affairs will, however, be greatly missed, principal among whom is the worthy president, Edward Crust, who has always commanded the admiration of his constituents by his manly and straightforward manner in directing the affairs of the body. The other retiring members who have also served the city well in the capacity of aldermen and who were present last evening were Messrs. Purdy, Robertson, Larson and McGinn. The same can be said of Alderman Rowley, who was not present last night.

The following aldermen responded to the rollcall: Halladay, Gardner, Purdy, Murphy, Johnson, McGinn and Robertson.

The financial report of City Clerk Low for the month of October showed receipts amounting to \$4,739.07 and disbursements, \$11,574.41. The report was on motion filed as read.

The first estimate of City Engineer Woolman on the work in lateral sewer "A," being put in by the Slipp-Gruen-hagen company, amounting to \$300.56, was on motion accepted and filed.

The final estimate of the city engineer of work done on lateral sewer "B," amounting to \$629.20, by the Slipp-Gruen-hagen company, was on motion allowed.

Bills amounting to \$539.50 for judges, clerks, etc., for the recent election were allowed.

Chairman Gardner of the street committee called attention to the fact that the street in front of Graham Bros. new livery stable on Front street should be graded and the matter of securing dirt to grade the street up was discussed. On motion the matter was left in the hands of the city engineer to report as to the cost at the next regular meeting.

On motion the regular order of business was suspended and the matter of special assessments on account of the cost of lateral sewers in sewer district No. 1 was taken up. City Engineer Woolman had prepared the assessment rolls against the property affected by lateral sewers "A," "B," "C," "D," "E" and "F." According to this special assessment these lateral sewers will cost in the aggregate \$8,230.13. The cost of lateral sewer "A" per 25 foot lot will be about \$15.35, lateral "B" about \$14.35, lateral "C" \$14.10, lateral "D" \$20.30, lateral "E" \$20.30 and lateral "F" \$15.25.

A resolution was adopted to the effect that the proposed special assessment for the cost of these sewers be affirmed and adopted and that the city clerk be directed to file the same in his office.

A motion was then made authorizing the issuance of sewer warrants to the amount of \$8230.13.

On motion of Alderman Murphy the city clerk was authorized to draw an order for \$100 in payment for the parcel of land in Southeast Brainerd which has been selecting for the location of the hose house.

The list of owners of property in the city in front of whose lots the city put in cement walks from January 1, 1904, together with the cost of constructing the walks, was read last night, which was the levy for the cost of construction. The matter was referred to the city engineer to investigate and report at a future meeting.

The liquor license bond of A. A. Armstrong was brought up and the same was approved and license was granted.

The petition of the Brainerd Flour & Feed company to erect a building near their present warehouse on Front street, in accordance to the fire limit ordinance, was granted.

The request of the Bachelor Maids that the city wire Gardner hall for their decorations on the night of the Charity Ball was granted.

The matter of electing a weighmaster came up and D. D. Smith was the unanimous choice of the council for the position. Mr. Smith has offered to pay \$50 per year for the use of the city scale which has been located in front of his place of business on Sixth street.

Alderman C. D. Johnson in one of his pleasing and emphatic addresses brief and to the point, spoke regarding the relations, pleasant ones, which have existed during the past two years and said:

"As this council is about to dissolve itself, some of the members to return to private life, (where they will be obliged to work for a living) I desire for one to express my regret that our association

as a body is to be no more. During the past two years, while we have received our emoluments at the public crib, our actions have been congenial and I trust that we sever our official relations with kind feelings toward each other. In the turmoil of political strife circumstances very often make it necessary for one citizen to oppose a friend for public office. But it ought not, and does not, with me, lessen that friendship. And whether success or loss be the lot of our friends, let us not be over exultant in victory nor too crestfallen in defeat."

In conclusion he proposed the following resolution:

"Resolved by the city council of Brainerd that in the retirement of President Crust from official duties, this council loses a valuable member and the city a faithful servant."

"Resolved that in recognition of the impartial manner in which he has presided over the deliberations of the body, we express to him our warmest thanks and we commend his actions as an alderman, as a citizen and as a man."

The resolution was unanimously adopted.

President Crust was noticeably moved by this action on the part of the council. In response he said that he too could express the same sentiments regarding his attitude towards the members of the city council, and that while there had been some differences of opinion on matters of public interest, he had nothing but a kindly feeling towards all. He said that he had tried to do what was right, although at times there were those who thought that he was wrong. He cited the stand that he took during the recent trouble in the fire department, but said that he did what he thought was just and proper in this instance and so far as he was concerned personally his conscience was clear. He then paid a handsome compliment to City Clerk Low for his efficient aid and also to City Attorney Fleming. President Crust did not close his remarks without handing a bouquet to the press of the city, stating that the council should be grateful to the newspapers for the manner in which the proceedings of the meetings had been handled and adding that there were scores of times when it was within their power to make the council appear at a disadvantage had not discretion been used.

The meeting, therefore, closed with a regular love feast and some of the old faithful closed their career as fathers of the city.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon there after was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at H. P. Dunn & Co., druggists.

Coleman-Moxie Match.

Frank Coleman who is to wrestle Oscar Moxie in this city on Saturday evening at Gardner hall just had a match with a man by the name of T. B. Etland, at Lakota, N. D., and the Herald of that place on October 21 gives the match a column writeup.

There was over \$500 bet at the ring-side on the outcome of the match and it is said that it was a fast and furious contest, best two out of three falls. Coleman won the match in about fifteen minutes work. The bout here Saturday night will probably draw a big house. The men are going in for blood. It will be the best two out of three falls, Greco-Roman.

Washington, Nov. 22.—One by one the powers are lining up in hearty support of President Roosevelt's suggestion that another session of The Hague tribunal be convened to complete the work outlined by the first peace congress. Secretary Hay during the day received cordial acceptance from Sweden and Mexico. The Swedish government expresses its gratitude to Roosevelt for calling the matter to the attention of the powers, heartily accepts the invitation and expresses the opinion that one of the most important subjects which the court should consider is the effect of war on the rights of neutrals and a definition of contraband of war. The official answer of Russia has not yet been received. Mexico's acceptance is cordial.

Portland, Ore., Nov. 22.—The day's session of the National Grange was uneventful, except that several important committee reports were read and approved. The most important was from the committee on public highways, which demands the passage of the Curry good roads bill by the national congress.

ACCUSED OF TREASON
GOMPERS AND MITCHELL CALLED TRAITORS TO THE CAUSE OF LABOR.
EXCITING DEBATE FOLLOWS
FEDERATION OF LABOR FINALLY EXPRESSES CONFIDENCE IN LEADERS.

San Francisco, Nov. 22.—The day's session of the American Federation of Labor was the most exciting held. During the heated debate which followed the unexpected interjection of the question of socialism before the delegates Samuel Gompers and John Mitchell were charged with being traitors to the cause of labor. Those charges and the bitter socialistic debate which followed were caused by the introduction of the following resolution by Delegate Victor Berger of Milwaukee:

"Whereas, The unprecedented concentration of wealth in the United States and the rapid development of the trusts in almost every branch of industry make it obvious that capitalism will soon reach its culmination point and will have to make room for another phase of civilization; and

"Whereas, It is evident that this nation is destined to take the lead in this grand struggle for better conditions and higher culture; therefore, be it

"Resolved, That we hereby recommend to all organizations affiliated with the American Federation of Labor to have their members study the economic conditions; to have lectures upon these subjects in their lodge room, homes and in meetings set apart for this purpose and to do everything in their power for the enlightenment and intellectual advancement of the proletariat."

Mitchell and Gompers Win.

The resolution committee reported to the convention that it recommended the adoption of the measure with the exception of the clause following the first "whereas." A socialist delegate arose and asked why the particular section should be expurgated. This opened the floodgates of oratory and vituperation and the battle was not over until an hour and fifteen minutes after the regular time for adjournment. By an overwhelming vote the delegates then passed the resolution as recommended by the committee and expressed their confidence in John Mitchell and Samuel Gompers.

Another action of far-reaching importance was that taken on the report of a special committee on the demand by the Typographical union for an eight-hour day. The convention unanimously decided to endorse the demand and pledged itself to aid the movement financially by laying an assessment on each of the members if such a course should become necessary. The Typographical union has set Jan. 1, 1906, as the time when the eight-hour day will be demanded by their organization.

TROUBLE BREWING.
General Strike at Chicago Stock Yards Seems Probable.

Chicago, Nov. 22.—Trouble is brewing again at the stock yards between the butchers and the employers. During the day the fifty-four butchers employed by the Hammond Packing company ceased work because of alleged discrimination against union workmen by the employers. It was announced later by the officials of the Butcher Workmen's union that unless a satisfactory settlement of the difficulty is reached at once the members of the organization employed in the other packing plants in Chicago will be ordered to strike.

According to the officers of the union, the same grievances exist in other plants.

REFUSED TO CONSOLIDATE.
Central Labor Union of Washington Expels Steamfitters.

Washington, Nov. 22.—Complying with the demands of President Gompers of the American Federation of Labor the Central Labor union of Washington has expelled the Steamfitters' union which had defied the federation in failing to consolidate with the Plumbers' union. As a result of this action it is expected that one of the largest and strongest unions in the city comprising the allied council of building trades will withdraw from the central body and form a separate organization.

SAW VESSEL FOUNDER.
French Ship Unable to Render Aid Owing to Heavy Seas.

Victoria, B. C., Nov. 22.—Captain Corbenais of the French ship Guerueur, which has arrived in the Royal roads, reports that last Wednesday he saw a four-masted ship founder north of the entrance of the Straits of Juan de Fuca. A hurricane was blowing at the time. The ill-fated four-master was a long distance from the Guerueur, making it impossible for the latter to render aid while the sea was tremendous. It is thought the vessel that foundered may have been the San Francisco barkentine, Makaweli.

Zemstvo Representatives Adopt Resolutions at St. Petersburg.

St. Petersburg, Nov. 22.—In order to secure the proper development of the life of the state and the people it is imperative that the zemstvo representatives, acting as an especially elected body, to make laws, regulate the revenue and expenditure and control the legality of the actions of the administration.

The above is the final form of the declaration of the zemstvo representatives in favor of the election of a body, not merely to participate in legislation as at first reported, but to be entrusted with the framing of the laws of the empire.

The meeting also adopted a declaration in favor of granting general amnesty to political offenders imprisoned or exiled by administrative order.

Charged With Incendiarism.
Zaneville, O., Nov. 22.—John H. Hunton, Jr., former deputy sheriff of Allen county, was arrested at Roseville during the day charged with starting four fires in Roseville in the last two days. On account of the expectation of lynching he was hurried to this city. At his preliminary hearing before Mayor Pemberton Hunton was bound over to court on a charge of incendiarism and his bond fixed at \$500 on each of the four charges.

California Forest Fires.
Los Angeles, Cal., Nov. 22.—Forest fires at La Canyada threaten to wipe out the little town of La Cresenta. The people of La Cresenta have called for assistance from La Canyada and Pasadena, but there does not appear to be any prospect of getting the fire under immediate control. It may burn for a day or two. The forest rangers are at present at Mount Lowe and the fire is being fought by ranchers.

St. Paul, Nov. 22.—Frank Clague of Redwood county now has a clear field for the speakership and his selection by the Republican house caucus is assured. N. F. Deputy Sheriff Kelso of Thurston county took Father Schell back to answer to the charge.

The warrant charged that Father Schell forged the name of Mrs. Little Walker to a certificate of deposit drawn by the bank of Homer.

Father Schell says it is the result of persecution.

He explains the forgery charge by saying that Mrs. Little Walker and her husband sought his advice about transferring \$2,000 to another bank. Mitchell and Gompers Win.

The resolution committee reported

to the convention that it recommended

the adoption of the measure with the

exception of the clause following the

first "whereas." A socialist delegate

arose and asked why the particular

section should be expurgated. This

opened the floodgates of oratory and

vituperation and the battle was not

over until an hour and fifteen minutes

after the regular time for adjourn-

ment. By an overwhelming vote the

delegates then passed the resolution

as recommended by the committee

and expressed their confidence in John

Mitchell and Samuel Gompers.

Another action of far-reaching im-

portance was taken on the report

of a special committee on the demand

by the Typographical union for an

eight-hour day. The convention unan-

imously decided to endorse the demand

and pledged itself to aid the move-

ment financially by levying an assess-

ment on each of the members if such

a course should become necessary.

The Typographical union has set Jan.

1, 1906, as the time when the eight-

hour day will be demanded by their

organization.

TROUBLE BREWING.

General Strike at Chicago Stock Yards

Seems Probable.

Chicago, Nov. 22.—Trouble is brew-

ing again at the stock yards between

the butchers and the employers. Dur-

ing the day the fifty-four butchers

employed by the Hammond Packing

company ceased work because of alleged

discrimination against union work-

men by the employers. It was an-

nounced later by the officials of the

Butcher Workmen's union that unless

a satisfactory settlement of the diffi-

culty is reached at once the members

of the organization employed in the

other packing plants in Chicago will

be ordered on strike.

According to the officers of the

union, the same grievances exist in

other plants.

lied council of building trades will

withdraw from the central body and

form a separate organization.

ACCUSED OF TREASON

GOMPERS AND MITCHELL CALLED TRAITORS TO THE CAUSE OF LABOR.

EXCITING DEBATE FOLLOWS

FEDERATION OF LABOR FINALLY EXPRESSES CONFIDENCE IN LEADERS.

San Francisco, Nov. 22.—The day's session of the American Federation of Labor was the most exciting held. During the heated debate which followed the unexpected interjection of the question of socialism before the delegates Samuel Gompers and John Mitchell were charged with being traitors to the cause of labor. Those charges and the bitter socialistic debate which followed were caused by the introduction of the following resolution by Delegate Victor Berger of Milwaukee:

"Whereas, The unprecedented concentration of wealth in the United States and the rapid development of the trusts in almost every branch of industry make it obvious that capitalism will soon reach its culmination point and will have to make room for another phase of civilization; and

"Whereas, It is evident that this nation is destined to take the lead in this grand struggle for better conditions and higher culture; therefore, be it Resolved, That we hereby recommend to all organizations affiliated with the American Federation of Labor to have their members study the economic conditions; to have lectures upon these subjects in their lodge room, homes and in meetings set apart for this purpose and to do everything in their power for the enlightenment and intellectual advancement of the proletariat."

The warrant charges that Father Schell forged the name of Mrs. Little Walker to a certificate of deposit drawn by the bank of Homer.

Father Schell says it is the result of persecution.

He explains the forgery charge by saying that Mrs. Little Walker and her husband sought his advice about transferring \$2,000 to another bank.
